INTRODUCTION

Alerts allow you to monitor activity in ScotiaConnect. Once triggered, alerts can be accessed any time by clicking on the 'Alerts' link within the top navigation bar which will display a total count of unread alerts. You can also have an email sent to you when an Alert is triggered.

Standard alerts are defined automatically and keep you up-to-date on important account and payment activity.

Custom alerts are user-defined and can be created according to personal preference for the following categories:

- Balance thresholds (i.e. above or below thresholds)
- Transaction (i.e. incoming wires, cheques)
- Service notifications (i.e. payments pending approval)

Balance will let you setup alerts for a specific balance amount (less than, equal to or greater than). For example, you can create an alert to notify you when any account balance exceeds \$10,000.

Transaction will let you set criteria around specific transaction types and amounts. For example, an alert can be created to notify you when an incoming wire over \$100 is credited to a specific account.

Service will let you set up alerts related to ScotiaConnect service functions such as Wire and EFT payments.
